Please note the fare amount does not include gratuity. Please indicate if you would like to include the gratuity for your driver to be charged to your card at the time of reservations. RESERVATIONS

Please fill out and fax it to Tracy Martinez at 1-304-243-4070. If students would like to find a roommate please note that on the lodging request form, Wilson Lodge will assist students in finding one. If students would like to share a room with someone they know please have **both** students fill out a lodging request form and note each other's names as roommates. If you would like a reservation confirmation email sent to you please note it on your lodging form. FOOD COSTS

Travel meals \$20-\$40 per day depending on distance and method of travel.

Breakfast and lunch are included Tuesday – Saturday in the hotel room cost.

Dinner \$20 - \$40/day Oglebay Resort will be hosting a banquet dinner Saturday night.

Breakfast and lunch for five days is included in the hotel room cost. Both are served buffet style with vegetarian options. If you have food allergies or special dietary needs please contact the AZA Training Department (AZATraining@aza.org) before arriving in Wheeling. Coffee, tea, sodas, and light snacks (chips, cookies, etc) are served at breaks. There is also a gift shop located in the lobby of Wilson Lodge with a variety of snacks and drinks.

Most courses have two hours for dinner. Dinner options at Oglebay Lodge are limited to the Glassworks Grill and Ihlenfeld Dinning Room. With many people choosing Glassworks (the less expensive food option) sometime quick is not possible during the dinner break. This results in people going to the Ihlenfeld Dining Room for a buffet or plated dinner which can be twice the price but without the wait. Pizza can be ordered from the pool for approximately \$14.

Other dinner options require students traveling off of the resort and into town. This can only be done if you have a car or know someone who does. Students renting cottages can purchase groceries off of the resort and utilize their full kitchens. Many group dinners occur this way. The banquet dinner on Saturday night is included in your tuition.

COURSE CREDIT

Graduate Credit through George Mason University \$750

Continuing Education Units (CEU) \$20

You can receive graduate credit for most of AZA's courses. If you aren't sure if the course you are taking is available for credit, see the individual courses website www.aza.org or contact the AZA Training Department. These credits can be applied to a university you are currently enrolled in or plan to enroll in, or they can be applied

to George Mason University's master's program in Zoo and Aquarium Leadership. If you aren't ready to apply for a master's degree now, but you think you may want one in the future, consider taking your course for credit anyway as retroactive credit is not granted.

Continuing Education Units (CEU) are also available through George Mason University. A CEU is a nationally recognized unit of measurement for participation in non-credit continuing education programs. CEUs recognize individuals that continue their education and keep themselves current in their chosen profession.
